

TANISHK NAVLAKHE

Indore, India | +91 9175197337 | tanishk.23bce10934@vitbhopal.ac.in

PROFILE SUMMARY

Adaptable Computer Science undergraduate with cross-functional exposure to data analytics, workflow logic, project coordination, and technical support. Experienced in structured financial modeling, business process tracking, and technical documentation. Strong interest in Business Analysis, RevOps, and CRM implementation roles where automated data pipelines, process mapping, and strong analytical skills add strategic value.

EDUCATION

B.Tech, Computer Science & Engineering (CGPA: 7.5)

2023 – 2027

VIT Bhopal University

Higher Secondary (12th), Science (71%)

Rankers International School,
Indore, M.P.

PROJECTS

AI-Powered Personal Finance Advisor | *Python, Anthropic Claude API, Data Logic Engine*

- Developed a personal finance analytics console application that processes user data flows (income, expenses) and automates budget evaluations.
- Engineered a rule-based calculation engine to track savings-to-income metrics and automatically trigger warning flags based on predefined threshold rules.
- Integrated Generative AI endpoints to automate data storytelling, successfully transforming raw numeric logic into clear, actionable client-facing reports.

TRAINING PROGRAM

Advanced Software Engineering & Development — Training Program | *Jun 2026 – Aug 2026*

- Finished a comprehensive software engineering lifecycle track featuring daily classes over a 1.5-month duration.
- **Library Management System:** Completed a full-cycle software project applying software engineering principles from system requirements gathering through final deployment testing.
- **Technical Documentation:** Authored structured project reports, successfully translating business requirements into technical workflows.
- **Usability Testing:** Evaluated and consolidated user interface feedback to systematically eliminate workflow friction and improve user journeys.

CERTIFICATIONS & TRAINING

- **NASSCOM FutureSkills PRIME** — AWS Data Analytics (*Started Aug 2026 | In Progress*)
- **Oracle Cloud Infrastructure** — 2025 Data Science Professional Certificate (*Valid till Aug 2027*)
- **Oracle Cloud Infrastructure** — 2025 Generative AI Professional Certificate (*Jul 2025*)
- **IBM WatsonX** — Gen AI Using IBM WatsonX Certificate (*May – Jun 2025*)
- **Google** — IT Tech Support Professional Certificate (*Jan 2026*)
- **Google** — The Bits and Bytes of Computer Networking (*Oct – Nov 2025*)

SKILLS

Business Analytics & Automation: Data Entry, Data Cleaning, Data Processing, Workflow Automation, Process Mapping, Threshold Logic, SQL.

Management & Coordination: Project Management, Prioritization, Requirement Gathering, Systems Development Lifecycle (SDLC), Time Management.

AI & Tools: Generative AI Platforms (Claude, ChatGPT, Gemini), MS-Excel, MS-Word, MS-PowerPoint, Canva.

Interpersonal: English Proficiency (Written/Verbal), Effective Communication, Cross-functional Adaptability, Logical Problem Solving.

EXTRACURRICULAR ACTIVITIES & INTERESTS

Backstage Coordinator

- Managed live event sequencing, coordinating immediate and pipeline transition cues to eliminate dead time and optimize process flows.

Interests: Music, Webtoons, Exploring emerging business technologies.
